

Defendants Plead In The County Court

An adjourned session of county court was held Monday afternoon for the purpose of arraignment of defendants who were named in sealed indictments handed up at the October term of supreme court and transferred by court order to the county court.

Hills Sanford of Tenafly, N. J., indicted for manslaughter, second degree, growing out of an automobile accident last July near West Park, entered pleas of not guilty to all three indictments. F. W. Brooks appeared for defendant. Sanford was the driver of a car in which Angelina Arnes of this city, Josephine Tourist of Port Ewen and Oscar Zimmerman of Bergenfield, N. J., were riding when the car crashed into the fence and tree throwing the two girls together with a third girl had sought a ride with the young men who were enroute home.

Joseph White of Rhinebeck, indicted for manslaughter, second degree, also entered pleas of not guilty to two indictments. These charges also grew out of a motor car accident at the West Park viaduct last summer. White was the driver of a car in which Minnie and Robert Bentel were riding. At the viaduct White alleged some object lodged in his eye and he lost control of his car. Mrs. Bentel and her son were killed. Benson R. Frost of Rhinebeck appeared for defendant. Ball was supplied.

Merila Wilber of Lake Hill and Robert Treseman, charged with burglary, third degree, and unlawful entry, entered pleas of guilty to the unlawful entry charge. They were sentenced to Elmira State Reformatory but execution of sentence was suspended and they were paroled to the custody of the probation officer. This affair grows out of the burglary of the Lake Hill postoffice last August. The money taken at the time was recovered by men sent from the sheriff's office to investigate and State Troopers.

Raymond Crass of New Paltz, charged with rape, second degree, entered a plea of not guilty and provided bail. Frank W. Brooks appeared for defendant.

William John Kopp and Kenneth Schoonmaker of Rosendale, charged with burglary, third degree, and unlawful entry, entered a plea of guilty to the unlawful entry charge. Indictment of manslaughter was returned against them.

Free Diphtheria Clinics to Be Held In Town of Hurley

Dr. H. L. Van Nostrand of this city, health officer of the town of Hurley, is planning to hold this week a series of free diphtheria clinics in that town. There are seven schools in that township and clinics will be held for a period of two days in each school. The schools are located at Hurley, West Hurley, Marbletown, Glenford, Lucas avenue extension, near the Spillway and at Morgan Hill.

These free clinics are for children from six months in age upward, and parents who desire to have their children immunized may go in touch with Dr. Van Nostrand and he will inform them where the clinic nearest their home will be held and the date.

A series of free clinics for the prevention of diphtheria were held in the town of Hurley several years ago, and it is expected that all of the children who were not immunized at that time will receive toxin antitoxin at the clinics now planned.

Suggests Possible War In The Orient

Washington, Oct. 25 (AP).—War between China and Japan was viewed as a possibility today by Dr. H. H. Kung, member of the Chinese Nationalist state council, should the League of Nations fail to solve the Manchurian problem.

"We always have had great hopes in the nine power pact and the Kellogg anti-war treaty, but if peaceful means fail to protect China's sovereign rights the Japanese will have to reckon with our four hundred millions," Dr. Kung said in an interview.

The former Nationalist minister of commerce and labor was here as chief of Chinese industrial investigating commission. Dr. Kung was educated in this country and on this mission was accompanied by his wife, a sister of Madame Chiang Kai-Shek.

"The military party of Japan brought about the Mukden incident of September a year ago with the air of testing world opinion," Dr. Kung said. "They called it a local affair. If the Japanese are successful in holding to that part of Manchuria which is now in their hands, this will be used by the Militarists as part of their scheme toward world domination."

Herriot Ready To Define His Policy

Paris, Oct. 25 (AP).—As the Chamber of Deputies re-assembled today, Premier Edouard Herriot was said to be ready to define his foreign policy—involving the difficult war debts issue—and to demand immediate endorsement.

Source close to the premier said he was insistent "in view of coming events" that the foreign policy of his government be fully aired immediately, and its line of action solidly endorsed or rejected before anything else is done.

This, of course, would mean that the government would seem to be ready to risk much on its foreign policy at once.

This also would indicate that the government has a battle on its hands at the outset from 21 interpellations who want priority of debate for a domestic issue, the wheat price situation.

Majave Desert Is Grave Of Victim

San Bernardino, Calif., Oct. 25 (AP).—The Majave Desert hid today the secret of a killer.

After two days investigation which brought only failure, sheriff's deputies found themselves without a definite clue to the identity of the lifeless nude body of a young and attractive woman found Sunday in a lonely spot on the desert.

Equally meagre was the information of the circumstances of her death. She had died apparently from a blow on the head and her killer seemingly had taken her in an automobile to the desert on a main highway near Victorville, Calif., where he had lowered the body to earth with an old tire which was left leaning grotesquely against the form.

Jobless Army Continues March

London, Oct. 25 (AP).—A "jobless army" estimated to number 2,000 persons and recruited from many parts of Great Britain, continued to press on the capital today.

The demonstrators or groups which have been marching—and some of them riding, of late—to protest their plight to Parliament, will begin to arrive tomorrow. The rest are expected Thursday.

Yesterday's progress to outlying towns was made through chilling autumn rains, and the weather man held out no better prospects for today.

John H. Saxe Qualified For Sheriff On Record

John H. Saxe, the Republican nominee for sheriff, was born at West Hurley on April 25, 1882, and received his education in the common schools and later attended Spencer's Business School. At an early age he engaged in the butcher and livery business in the old village of West Hurley and this business he continued to operate very successfully until West Hurley was wiped out by reason of the construction of the Ashokan reservoir.

Then with many of his neighbors Mr. Saxe helped to found the new village of West Hurley just outside the Ashokan Reservoir taking line and where he now resides. It was in 1913 that he formed a partnership with Levi E. DuMont in the store business, carrying on a general merchandise, feed and flour business under the firm name of DuMont & Saxe.

In 1915 Mr. Saxe bought out the interest of Mr. DuMont and continued the business under his own name until October of 1920, when he sold the business to Charles R. Tiller, who continues the business.

Active at West Hurley. Possessing a strong native attraction and affection for the community where he was born, Mr. Saxe has been very active in helping to build up the present village of West Hurley. On the heights above the original site of the village, he laid out a development and has erected a number of houses there. Later he became interested in the development of a large plot of land about a half mile west of old Hurley village on the Kingston-Elmville road in the town of Hurley. This settlement was developed into a modern suburban home community of several houses.

Mr. Saxe's various activities not only endeared him to his neighbors, but they sought to show their appreciation, which they did by electing him collector of taxes. So well was he acquainted with the needs of his town that they subsequently elected him supervisor of his town, the first Republican to be elected to the office of supervisor in the town of Hurley.

Twelve years ago, they renewed the display of their confidence in his ability by electing him supervisor for a total of eight years and from 1916 to 1921 he served that town in the county legislative body. The same confidence in his ability and worth was displayed in the Board of Supervisors when they elected him chairman of that body.

Intimate acquaintance with the farming industry in Ulster county led to Mr. Saxe's election by the Board of Supervisors as the representative of the county legislature among the board of directors of the Ulster County Farm Bureau, when it was organized. He served efficiently in that capacity and is at present a member of the Ulster County Farm Bureau and the Ulster County Agricultural Society. The confidence of the business community has been indicated by his election as a trustee of the Ulster County Savings Institution and as a director of the State of New York National Bank.

Was County Clerk. In 1922 John H. Saxe was further honored by the citizens of the county when he was elected to the important office of County Clerk. So efficiently did he fill that office that at the expiration of his first term his efforts were rewarded by his election to that office for a second term and the handsome majority which he received at the polls was an endorsement by the public of his first term as county clerk.

During the six years from 1922 to 1927 as county clerk Mr. Saxe displayed untiring zeal to the work of the office and every duty connected with the office was performed with entire satisfaction to the public. The work of the office increased during his terms by reason of new duties

either transferred from various state departments by the legislature or work of an entirely new kind, such as the issuing of motor vehicle licenses and numerous other details in connection with it. All this work was performed in a way to command the admiration of every person who had occasion to visit the office.

During the time that Mr. Saxe was a storekeeper at West Hurley he took a great interest in public affairs in his town and during the period of the war he gave very generously of his time and ability to lend aid to his country. He was always active in all drives for charitable purposes, active in the Red Cross work and acted as chairman of various committees engaged in relief work. During the Liberty Loan drives he gave generously of his time and was instrumental in causing the Liberty Loan drives to overtake the top in his community and town.

His Abilities. Socially Mr. Saxe is a member of Kingston Lodge, No. 10, Free and Accepted Masons of Kingston; Bearville Lodge, No. 533, Independent Order of Odd Fellows; the Hurley Grange and the Ulster County Farm Bureau.

Mr. Saxe is married and has four children living. He is actively interested in the church affairs of his community and in all matters involving the welfare of the town and county of which he is a resident.

The same conscientious service which he has rendered his town and county in the past as a public officer and citizen can be expected from him as sheriff and it is confidently expected that the voters will again recognize his ability by electing him sheriff of Ulster county by an even larger majority than he so justly received at the time he was elected to the office of County Clerk.

Two Inquests In Supreme Court

Monday afternoon Judge Bliss announced that when the case now on trial was concluded there would be no further jury trials. He excused the jurors for the term. Court would adjourn by Thursday the judge announced and he did not feel it warranted bringing back the jurors when there was uncertainty of a trial.

Two inquests were taken. Isidore Sampson appeared for Anthony Cincotta of Ridgefield Park, N. J., who sought to recover on two promissory notes. Plaintiff testified that Theodore E. Ackerman had given two notes for \$250 each on August 5, 1925, one due in six months and one in a year. The notes remain unpaid. Judgment in the sum of \$500.00 for plaintiff was granted by the court.

In an action on contract brought by the Shandale Park, Inc., against Allaben Furniture Company, Inc., a judgment of foreclosure and sale in the sum of \$20,000.00 was granted by the court. Plaintiff alleges that the Fulton Furniture plant was sold under contract to the defendant and that payments have not been made according to the contract. N. H. Fessenden appeared for plaintiff.

Edward A. Reis, secretary of the corporation, was sworn. He testified that on August 23, 1930, the Fulton Furniture Company was sold to defendant for the sum of \$20,000.00. Certain payments were to be made. The defendant is in possession of the premises at present. October 15, 1932, \$11,000.00 bond and mortgage was to be delivered. It has not been delivered neither have taxes been paid on the premises. The \$11,000.00 mortgage was to become due in 1935. The bond and mortgage have not been delivered as specified in the contract. To date certain payments have been made by the defendant but there is still due to date \$9,935.24 in addition to the \$11,000.00 which after delivery of a bond and mortgage on October 15, 1932 would become due in 1935.

However since the bond and mortgage have not been delivered according to the contract of sale that sum was also included in the judgment. Nos. 433, 434, 435, 436, 437, 438 and 439 were announced as settled. They are actions brought by Frank Sotillo against several fire insurance companies to recover on insurance policies. Chris J. Flanagan appeared for plaintiff and Ainsworth and Sullivan for defendants.

It was also announced that Nos. 445, 446 and 447 had been settled. They are actions to recover on insurance policies brought by William P. Hoffman against insurance companies. The same counsel appeared.

Princess Helen Shares Birthday Of Michael

Rucharest, Rumania, Oct. 25 (AP).—The persistent rumors of reconciliation between King Carol and former Queen Helen of Rumania today overshadowed the interest of the capital in the eleventh birthday of their son, Prince Michael, the youngest former King of Europe.

Despite all denials, the populace, especially the farmers with whom Princess Helen is very popular, still believe peace between her and Carol is just around the corner. They were more than ever convinced of this by the mystery and excitement of the former Queen's unannounced arrival in the capital yesterday.

The princess was apparently uninterested, however, in what was going on outside Ciesel Palace, her residence, and had no other desire at the moment than to make her son happy on his birthday.

Since early morning, she has been reported preparing the birthday table for the lad, expected from the royal residence at Sinaia during the forenoon.

Common Council Meets Wednesday

The Common Council will meet in special session on Wednesday evening at the city hall to take action on the request of the Board of Public Works to acquire by condemnation proceedings the land needed for the improving of the Boulevard from the city line to Wall street. There are three properties that will be affected by the laying out of the new alignment of the road.

If the aldermen grant permission the board will apply to the court for the appointment of a condemnation commission to fix the value of the land that will be taken.

Before the special meeting of the council the bus committee will hold public hearings on three bus petitions.

Some person or persons evidently spent the greater portion of Monday evening going about town tearing down the posters which had been tacked up announcing the Republican mass meeting which will be held at the Broadway Theatre Saturday evening at 7:30 o'clock when Colonel William Donovan, Republican nominee for governor, will speak together with others interested in the Republican ticket.

There can be but little doubt as to the political faith of the person or persons who devoted so much time to tearing down the posters. This act indicates the sportsmanship and fairness of those who took so much trouble to tear down the notices.

Our Growing Population. The following births have been reported to the board of health: Mr. and Mrs. Daniel Penner of 63 Hasbrouck avenue, a daughter, Clara Adele, at Benedictine Hospital.

Mr. and Mrs. Harry T. DuBois of Catskill, a daughter, Barbara Jeanne, at Kingston Hospital.

Mr. and Mrs. John Hummel of 61 Brewster street, a daughter, Helene Karen, at Benedictine Hospital.

Senator Hanley Speaks Thursday At "Y" Auditorium

The regular weekly meeting of the Republican Club will be held Thursday night in the auditorium of the Y. M. C. A., formerly known as the Ritz Theatre. Instead of at the Serat center, and the featured speaker of the occasion will be Senator Joseph R. Hanley of Wyoming county.

It was decided by President George Moore and other officers of the Republican Club to hold Thursday's meeting in the "Y" auditorium in order to afford more room and comfortable seats to the large crowd expected.

Senator Hanley is considered one of the most able orators of the state and will have a very important message concerning the November election for all who turn out to hear him.

Scheduled starting time of the meeting is 8 o'clock and it will begin promptly.

Il Duce Visited Turin For Speech

Turin, Italy, Oct. 25 (AP).—Premier Mussolini has the kiss of a girl, he never saw before as a symbol of the goodwill he found in Turin, known heretofore as the hotbed of anti-fascism.

The kiss was not on the leader's program—a program which began Sunday night and ended late today—but it was accepted nevertheless with several pockets full of candy.

The kissing incident occurred in a chocolate factory, one of several industrial projects visited by the premier during a busy day yesterday. As the guest of honor strode through the plant, a group of the girl workers suddenly left their machines and surrounded him.

A plump brunette stepped forward, and grabbing the premier's left arm for support, reached up and planted a kiss firmly on his cheek. Then the other girls pushed around him and stuffed his pockets full of chocolate.

A few minutes later, the premier was addressing the several thousand employees of the plant, and as he spoke he drew forth chocolate after chocolate, eating them, as it were, between paragraphs.

Hoover Gives Items For Tariff Inquiry

Washington, Oct. 25 (AP).—Accompanied by President Hoover's request for quick action, the tariff commission today had a list of 18 industries in 30 states before it for investigations into the adequacy of existing import duties.

Mr. Hoover submitted the list "of industries and localities where there had been actual increase of unemployment or alternatively where it is inevitable that it will increase from importations" and directed Chairman O'Brien to investigate the tariff rates in connection with depreciated currencies abroad. He added in his letter to O'Brien:

"If it shall prove that the differences in cost of production between here and abroad in these industries have altered the basis of tariff duties, I wish to receive recommendations of the tariff commission at the earliest possible moment."

The tariff commission will meet in special session on Wednesday evening at the city hall to take action on the request of the Board of Public Works to acquire by condemnation proceedings the land needed for the improving of the Boulevard from the city line to Wall street. There are three properties that will be affected by the laying out of the new alignment of the road.

Election Action Is Continued In Court

Monday afternoon the quo warranto proceeding brought to supreme court to determine whether Robert F. Charlton is the rightful holder of the office of supervisor of the town of Kingston or whether his opponent, Harry Hulstair, was the duly elected supervisor at the 1930 election, was continued before Judge Bliss and a jury.

When court opened the ballot box was produced by Tean Clark Malone and opened. He said the box had been in his care since election and had been opened once at the direction of the court to permit an examination or inspection of the ballots when it was found Charlton had been given a one vote in over his opponent.

After the box had been opened by Mr. Malone the court directed Court Officer Tracy Elmendorf to take from the box the ballots and have the stenographer mark them for identification. There were 130 ballots in the box and in addition there were two ballots which had been cast but which had been placed in the void and challenged envelope by the inspectors on election night. This made a total of 132 ballots cast in the election. One of the ballots in the envelope had been declared void as it had been marked for both Hulstair and Charlton. The other ballot in the envelope was counted for Charlton. According to the official tally Charlton was elected with a vote of 65 against Hulstair, who received 65. This vote tallied was in accordance with the ballots cast.

After the ballots had been marked for identification the court directed that the counsel in the case might inspect each ballot under the supervision of the court. Ballots which were objected to by either the plaintiff or the defendant were placed in a separate pile from those over which there is no contest.

Arthur B. Ewig objected to one ballot, the third one examined, on the grounds that it was void. It had been marked for Charlton. He contended that an X mark outside the voting square made the ballot invalid. Mr. Groves for the defendant contended that if the mark in front of Charlton's name was properly made it was a vote for Charlton.

This examination of the ballots proceeded slowly. Various ballots were objected to as they were examined and Judge Bliss decided that of those objected to by counsel seven were void in that they were not properly marked. Four of the ballots taken out were from the Charlton count and two from Hulstair's count as tallied by the election officials on election day.

When court recessed for the day the ballots were placed in the care of the clerk.

The count when court recessed appeared to be in favor of Hulstair. There were six absentee ballots all cast for Hulstair, and these ballots will be examined today. The defendant alleges that the absentee voters were not legal voters of the town.

TRIBUTE TO JUSTICE DAVID L. WINDRUM

West Shokan, Oct. 25.—The tragic death of David L. Windrum of Shokan has removed one of the town's best loved citizens and a most estimable public official. His extensive travels about the country in connection with his business affairs together with his career as a local justice of the peace brought him in contact with thousands in all walks and conditions of life. In the hundreds of cases over which he presided justice was dispensed without fear or favor. He was mentally alert, possessed with a keen business judgment and strictly non-partisan in transactions as a member of the town board. He maintained a keen civic pride, was kind hearted, jovial, sympathetic and generous to the extreme. Perhaps no man in Ulster county could boast of more friends than he. Where Dave Windrum lived the latchstring was always out. Not alone has his untimely death created an irreparable gap in the ranks of Ulster's citizenry but a fondness of memory that the passing years will not efface.

POLLUTED AIR CAUSES MENACE SAYS DOCTOR

Washington, Oct. 25 (AP).—Polluted air, preventing human beings from receiving their due share of ultra violet rays, today was ranked with polluted milk and water as a health menace.

Dr. Fred C. Tenney, of the Chicago health department, told the Public Health Association that ill effects on health of shutting off the sun's ultra violet light by smoke, soot, dust, fog and other impurities are more serious and widespread than are generally realized.

Who Owns Black Cow? This morning Officer Reiben found a black cow wandering on Hasbrouck avenue in the vicinity of the property of the board of public works. He caught the animal and tied it in the rear of the Municipal Building on East O'Reilly street, where it awaits the owner.

Treasury Receipts. Washington, Oct. 25 (AP).—Treasury receipts for October 22 were \$2,167,216.07; expenditures \$2,167,134.15; balance \$466,321.92.

Customs duties for 23 days of October were \$19,324,244.93.

JURY REPORTED SPLIT IN REV. BERRIE ACTION

Muskegon, Ohio, Oct. 25 (AP).—Twelve men, reported divided nine to three for acquittal, today will resume their efforts to reach a verdict in the poison murder trial of the Rev. S. A. Berrie.

After seven hours deliberation, the jury retired last night without reaching a verdict. Judge W. J. Crump, whose instructions were for acquittal, death or life imprisonment.

Dr. Reginald Army. Dr. Louis Reginald is out of town. He will return to resume his practice and office hours Monday, October 31.

HIGH FALLS

High Falls, Oct. 25.—Mr. and Mrs. Preston Church and Miss Gwen Church took supper in Kingston on Saturday night and attended the show at the Broadway Theatre.

Mr. and Mrs. A. Gladstone and her father, Robert Niesch, of Shaver-ton, who is making his home with his daughter, are visiting at the home of Mrs. Elizabeth Aldorf. On Friday Mr. and Mrs. Gladstone and Mr. Niesch motored to Ardona where they visited relatives. They returned on Saturday. Mr. Niesch also called at his old home which is now owned by Mrs. Lentz. As Mr. Niesch lived here for a number of years he has many friends in this section, who are very glad to see him and to find him feeling so well.

Mr. and Mrs. Oscar Edwards of Kingston passed through this place on Friday and called at the home of Miss M. C. Van Wagenen.

Carlson Church motored down from Napanoch on Friday evening with a party of friends and called at the home of his father, Preston Church.

Miss Cynthia Van Wagenen called on Mrs. Hugh Farrell on Thursday afternoon.

James Freer of Kingston spent the week-end with his daughter, Mrs. Willard Adams, and attended the Reformed Church service on Sunday morning.

Miss Ruth Bergman of New York city attended church service at the Reformed Church on Sunday.

Sylvan S. Post, New Brunswick Seminary, 32, has charge of the preaching service in the Reformed Church last Sunday morning and conducted a most impressive service. Sunday school at 9 o'clock. Church at 9:45. Everyone cordially invited.

Mrs. Mary Beach spent a few days last week with her sister, Mrs. Don Gillespie, in Stone Ridge.

All extended congratulations to Mr. and Mrs. Clarence Howard and wish them a most happy wedded life. Mr. Howard was the student pastor in the Reformed Church during the summer and will return every second Sunday during the winter. Mrs. Howard was Miss Mildred Simpson of Accord.

Mrs. C. I. Le Fevre, Jr., of Bloomington spent Sunday with her aunt, Miss Jessie Snyder, and attended the Reformed Church service.

LEEDS REFORMED CHURCH HOLDS BI-CENTENNIAL

Leeds, N. Y., Oct. 25.—The Leeds Reformed Church will celebrate its bi-centennial on Friday, October 25.

The church was formed under the supervision of Dominie Petrus Van Driessen of the city of Albany in conjunction with Dominie George Michael Weiss who became the first pastor on February 25, 1732. The first church edifice at Leeds was a wooden structure 50 feet square situated on a knoll about a mile southwest of the present village, dedicated November 25, 1732. Dominie Schuneman came in 1733 and labored here until the time of his death in 1794. He was an ardent patriot during the American Revolution and is sometimes known as the "Dutch Dominie of the Catskills". This was his only pastorate. Then came the Rev. Peter Labach, followed by the Rev. Henry Ostrander and the Rev. Peter S. Wynkoop. The Rev. Isaac N. Wyckoff came in 1817, and during his pastorate the present stone building in Leeds was erected and preaching stations established at the village of Catskill and at Kiskatom. His ministry was concluded at Leeds in 1833 when the large congregation was divided into the present Reformed Church in the village of Catskill and the Reformed Church of Leeds and Kiskatom. The Rev. John C. Van Liew was the first pastor of the new Leeds organization and he was followed by the Rev. Brogan Hoff. At the close of his pastorate in 1842, the Leeds and Kiskatom churches were organized separately.

Since then the following ministers have served the Leeds Church: The Revs. James Romeyn, W. S. R. Betts, John Minor, Samuel T. Searle, Benjamin Van Zandt, Cornelius P. Dittmar, Elbert N. Sebring, Clarence M. Perlee, Edward T. F. Randolph, Francis V. Van Vranken, John H. Heinrichs, and the present pastor, George D. Wood.

The afternoon service will be held at 2:30 and the evening service at 7:15.

Absolute Pitch

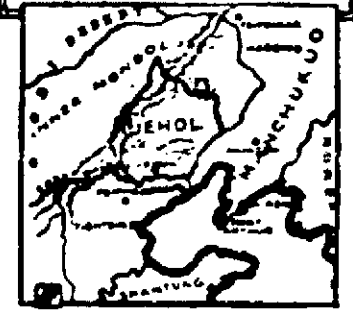

We hear of wonderful children, and adults, who are said to possess what we call the gift of absolute pitch, that is, the faculty of naming any note, high or low, which may be sounded on an instrument, and this without any previously sounded note to act as a guide, from which they might deduce the pitch of the given note. Naturally, there are many sceptics, as well as believers, that this is possible. The gift, (if anybody possesses it), is no sign of outstanding musical ability, although people look upon it as something little short of miraculous.

Old Symbol of Authority

The symbol of authority in the home and courts chambers is a mace. This was originally a weapon of offense. It was composed of iron or wood. It was of great weight and capable of breaking through armor and particularly used in crushing helmets. Its use as a symbol of authority or from dates from the thirteenth century. It is shown in the Bayeux tapestry of the Thirteenth century, carried before medieval monarchs. It was regarded as a part of the equipment of the royal householders of France II of France and Richard I of England.

Old American Bible

First edition of the Bible printed in a European language in America was the German Bible published by Christopher Sauer before 1737.

Gen. Kuniki Koiso (above) says Japan intends to add Jehol, shown on the map, to the new state of Manchukuo.

Turkey Supper

Esopus, Oct. 25.—There will be a turkey supper at the Esopus M. E. Church on Wednesday evening, October 26, in the church basement. The menu will be roast turkey, dressing, gravy, mashed potatoes, creamed onions, cabbage salad, celery, rolls, pie, coffee and tea. Supper will be ready at 6 p. m. and served until all have been served.

Modena Church Fair

Modena, Oct. 25.—A bigger and better fair will be held by the ladies of the Modena M. E. Church Thursday, November 3, afternoon and evening. A roast pork supper will be served from 5 until 8. There will be entertainment during the evening.

Flashes of Life Sketched in Brief

(By The Associated Press)

Cider as Fire Water

Grass, Austria.—Firemen were not balked when they rushed to a blazing inn at Dornbach and found all the wells dry. They found many barrels of cider in the barn and saved the inn by pouring it on the flames. The innkeeper didn't know whether to smile or cry.

"Weaker Sex," Oh Yeah?

Oklahoma City.—Armed with a butcher knife, Mrs. Virgil Mitchell captured a youthful burglar and marched him into custody of her husband working at a nearby garage. The culprit escaped while Mitchell was questioning him.

The Great Cat Mystery

Baltimore.—The day after Andrew Clott left for a four month visit to Italy, his pet cat, placed in the care of Clott's son, disappeared. Clott returned a few days ago and the next day the cat reappeared—with a well-fed appearance.

Elopes With Mother-In-Law, Charge

Chicago.—That old jest about the married man not caring for his mother-in-law may not apply in the case of Ted Pawlowski. His wife, Lillian, charged in divorce court that her husband eloped with her mother. The court withheld final action.

"Strong Back, Weak Mind"

Cambridge, Mass.—There's a senior at Harvard University with "a strong back and a weak mind" who wants work.

He has distributed circulars about Cambridge advertising himself as having "a strong back and a weak mind and a willingness to clean and polish automobiles at \$4 the job."

Famous Snoreer Losing Rep

Chicago.—As a sleeper, John Kilian seems to be losing his reputation. Known as Chicago's champion sleeper because he has been found snoozing in such places as an

undertaker's coffin, railroad tracks and the scaffolding of a new building, he was arraigned for sleeping on a sidewalk.

"Such a place, such a place," said the judge. "It's much too prosaic. Case dismissed."

The Patch Men Emblem

Pittsburgh.—Pittsburgh's youngest hitch-hiker, Dick Hoffman, 2, was picked up two miles from home as he sat at the curb of a busy street, signalling with a plump little thumb.

Detective Patrick R. Tulley led the wanderer to a police station shortly before a frantic mother phoned the desk sergeant.

"If there's a patch on the seat of his overalls, it's him," she said. Tulley turned Dick upside down—the patch was there.

Billiards an Old Game

Frank G. Meke says that those who insist that they are best informed declare that the Egyptians played billiards hundreds of years before the Christian era. There is evidence that the Greeks indulged in billiards about 400 B. C. Billiards, as a competitive indoor sport, gained definite impetus in the United States when there was staged in Detroit a national championship on April 12, 1908. This was not a tournament, but was a match game for a side bet and a purse, the money totaling \$15,000.

Builds Nest of String

Given pieces of string the oriole will suspend a number of loops. When they are placed the birds begin weaving in the strands, says Nature Magazine. In and out, diagonal, crosswise, go these threads. They are woven together late a wall that is smooth, strong, pliable and anchored sturdily to its twig joints. The nest is a deep, narrow bag, quite safe to hold the precious eggs and young regardless of the swinging that tempestuous winds may give it.

Right off the bat

You can see right off the bat that this is the common-sense way to take a laxative. Because it's a chewing gum, Feen-a-mint is as pleasant a medicine as you could want. But that's not all. The chewing insures even distribution throughout the system. That's essential for thorough gentle action. No pills—no griping. Just a pleasant, harmless, non-habit-forming laxative you can trust for yourself or your children. At all druggists.

"Nature in the Raw is seldom MILD"

THE BLACK PANTHER

"Nature in the Raw"—as portrayed by the great animal painter, Paul Branson... inspired by the natural ferocity of "Bagheera," the black panther in the famous "Jungle Book." "Nature in the Raw is Seldom Mild"—and raw tobaccos have no place in cigarettes.

No raw tobaccos in Luckies —that's why they're so mild

WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

Hunting Season Opened Today

Albany, N. Y., Oct. 25 (AP).—Shots echoed through New York state's wooded uplands as an army of sportsmen swept through game preserves in search of elusive deer, bear, cotton-tail rabbits, and partridge for the first time this year.

The general hunting season opened this morning with hundreds of hunters added to the ranks attracted by reports that the supply of game was more plentiful than in recent years. A continuous stream of automobile-borne hunters and camping equipment poured into the Adirondacks yesterday and last night. All was quiet in the Catskills, however, as the deer season does not open there until November 1.

The season for migratory birds, such as ducks, geese, brant and coot, opened October 16 throughout the state except Long Island where it opens November 1.

The pheasant season, which opened in most parts of the state today, lasts only six days. The general hunting season, however, continues until November 15.

The State Conservation Department issued a warning to hunters yesterday to consult game laws before hunting, since there are certain counties that do not permit the hunting of some species of game. There are also differences in bag limits. The state has a force of 150 game wardens and district game protectors to enforce the conservation law.

GOLFERS INVITED TO PLAY AT LAKE MOHONK OCT. 26.

A number of Kingston players took part in the golf tournament held at Lake Mohonk last week. The meet was so successful that it has been decided to hold another next Saturday, October 29. A general invitation is extended to golf enthusiasts to visit the Lake Mohonk course on that occasion and take part in the tournament.

Hornby Signs With Cardinals.

St. Louis, Oct. 25 (AP).—Rogers Hornby, who was deposited last summer as manager of the Chicago Cubs, will take the "come back trail" with the St. Louis Cardinals next year. Announcement was made today that the "firebrand" of major baseball had signed a one-year contract as a player with the club which he piloted to a pennant and world championship in 1926.

Seagulls Foretell Colder Weather

For the past few days a flock of seagulls have been departing themselves in the Rondout creek, and local weather prophets say that their presence here is a sign of colder weather. Throughout the summer months there has been an occasional seagull seen in the waters of the creek, but today there was a good-sized flock of the birds skimming and sailing over the creek. The gulls in a graceful flyer and as the birds skim along over the top of the water before taking off presents a beautiful spectacle. That there seems to be some basis for the forecast of the local weather prophets was shown today when the weather was cold and disagreeable, with an overcast sky.

LAKE KATRINE GRANGE TO PRESENT PLAYS WEDNESDAY

Wednesday evening at 8 o'clock the Lake Katrine Grange will present two humorous plays at the Grange Hall there. The plays are "Sophie from Sandville" and "Henry's Mail Order Wife."

The Minister Harry C. Davis
These plays are being presented by the Dramatics Committee of the Grange, under the auspices of the Service and Hospitality Committee.

LaSalle Expected to Recover.

Amsterdam, N. Y., Oct. 25 (AP).—The condition of Leo LaSalle, youthful dirt track auto racer who was injured during a race at Fonda Sunday, was reported "good" today, and he was expected to recover. LaSalle's car tore through a fence and plunged over a 20-foot embankment into the Barge Canal. His home is in Rome.

Market for Fruits And Vegetables

New York, Oct. 25 (AP).—(State Dept. of Agriculture and Markets). The following quotations represent prices on sales by commission merchants and other original receivers on the New York city downtown wholesale district up to 8 a. m.

Supplies of upstate New York cabbage were moderate, with trading light and the undertone of the market inactive. Jobbing sales were commensurate on the basis of \$10-\$12 per ton for Danish white and \$16-\$17 on red. New York city's receipts last week amounted to 55 carloads all originating in our own state.

Price fluctuations were small on yellow onions, the early demand was slow. State yellows U. S. No. 1 in 50 lb. sacks jobbed out at \$60-\$65 for the best, but poorer and medium sized sold down to 40c-45c.

The market held steady on attractive quality apples. Lake Champlain fancy 2 1/4 inch McIntosh brought \$1 per barrel. Hudson Valley basket apples of various varieties U. S. No. 1, 2 1/2 inch and upward sold at \$60-\$1.25. McIntosh, however, reached as high as \$1.50.

Arrivals and carried over supplies of white potatoes were moderate. The market ruled steady and trading was fair. Green Mountain in bulk per 150 lbs. jobbed out at \$1.50-\$1.85 from Long Island and at \$1.75-\$1.75 from Maine. A year ago Long Island offerings brought \$1.90-\$2 and Maine \$1.80-\$1.90.

Demand for pears has continued slow. Supplies were moderate and upstate New York bushel baskets and tubs of No. 1 Bartlett's realized from 75c-90c, occasionally as high as \$1 and as low as 65c. Seckels brought \$1-\$1.25, while miscellaneous varieties ranged from 50c to \$1.25.

Fruits.

Apples—Hudson Valley District: Bu. basket or tub: Baldwin, N. Y. U. S. Grade No. 1, 2 1/2 inch and upward, 60c-\$1.00. Cortland, No. 1, 2 1/2 inch and upward, 75c-\$1.00. Delicious, No. 1, 2 1/2 to 3 inch and upward, 75c-\$1.00. Hubbardston, No. 1, 2 1/2 inch and upward, 75c-\$1.00. 2 1/2 inch and upward, 60c-\$1.00. King, No. 1, 2 1/2 inch to 3 inch and upward, 75c-\$1.00. McIntosh, No. 1, 2 1/2 inch and upward, \$1.25-\$1.50, poorer, overripe, around \$1.00. Northwestern greenings, No. 1, 2 1/2 inch and upward, 75c-\$1.00. 2 1/2 inch and upward, 60c-75c, northern spys. No. 1, 3 inch and upward, \$1.00-\$1.25. 2 1/2 inch and upward, 75c-\$1.00. Opalescent, No. 1, 2 1/2 to 3 inch and upward, 75c-\$1.25. Rhode Island Greenings, No. 1, 2 1/2 inch and upward, \$1.00-\$1.25. 2 1/2 inch and upward, 65c-\$1.00. Winter Banana, No. 1, 2 1/2 inch and upward, 75c-\$1.00. Various other varieties, N. Y. U. S. Grade No. 1, 2 1/2 inch and upward, 75c-\$1.00, poorer as low as 60c; unclassified, 2 1/2 inch and upward, various varieties, 35c-75c.

Barrels—Various varieties: Unclassified, 2 1/2 inch and upward, \$1.25-\$2.00. Cartons—Cortland, 75c-\$1.00; McIntosh, \$1.25-\$2.00.

Crap Apples—Hudson Valley: Various varieties, bu. basket: \$1.50-\$2.00, poorer \$1.00-\$1.25. Half bu. basket: 75c-90c, poorer as low as 50c. Twelve-quart climax basket, 50c-60c.

Grapes—Hudson Valley District: Carton: (Twelve two-quart baskets). U. S. No. 1, table stock, Concord, mostly \$1.25. Niagara, \$1.50-\$2.00, poorer, \$1.25. Mixed colors (red, white and blue), mostly \$1.50, poorer \$1.25. Mixed colors (white and blue) mostly \$1.25.

Pears—Hudson Valley District: Bu. basket or tub: Bartlett, 75c-\$1.25. Bosc, \$1.00-\$1.25. Kieffer, 75c-75c, mostly 50c-75c. Fancy, large 85-Basket, \$1.00-\$1.50; miscellaneous varieties, 75c-\$1.25. Half bu. baskets: Seckels, 75c-\$1.00; various other varieties, 50c-75c. Barrels: Kieffers, \$1.25-\$2.00.

Japan Will Present Plan to Reduce Arms

(Copyright, 1932, By The Associated Press)

Tokyo, Oct. 25 (AP).—Japan has decided to propose her own comprehensive plan for reduction of naval armaments to the disarmament conference at Geneva, a high official told The Associated Press today.

The Japanese plan, it was understood, will neither accept nor reject the American and British schemes for cuts in naval strength, but will offer a distinctly Japanese suggestion. The details of the plan, even an idea of its general character, was being held in the closest secrecy for the time being.

The Associated Press was informed, however, that the scheme embraces all the naval categories, and will be complete enough to stand alongside the Hoover and Baldwin proposals.

KINGSTON

Elmville, Oct. 22.—P. Edwin Clark is improving at the local hospital after his recent operation.

Mr. and Mrs. R. C. Bates and daughter, Mildred, are moving back to their home on Liberty street, after spending the summer at their summer home in Waverly.

Mr. and Mrs. Bert Terwilliger have as their guest the former's sister, Mrs. Raymond.

News from the World on Wheels

The coming week marks the "year of age" of the world's largest automobile company. For just 21 years ago—on November 2, 1911—the Chevrolet Motor Company was incorporated in Michigan for the manufacture and sale of automotive vehicles. The first car ever to carry the name "Chevrolet" came out of an assembly line converted into a workshop in Detroit, and now, a generation later, the name has dominated more than 8,000,000 radiators of cars and trucks throughout the world.

Today the Chevrolet Motor Company has a past record of leading the industry in sales in three years out of the past five. For the 1932 year-to-date Chevrolet registrations outnumber the second highest make by approximately 100,000 units, indicating another year of Chevrolet leadership and an increase in "Chevy" to four years out of the past five.

Production on the new Plymouth 57, announced a week ago by Walter P. Chrysler, began today at the Plymouth plant in Detroit, according to information given out by factory officials. While no production schedule was released, it is understood that more than 500 cars will be built each day for the first few days, reaching in excess of 1,000 per day after November 1. A total of 10,732 orders for new Plymouth 57s have been received from Detroit, Dodge and Chrysler dealers in the United States alone since the informal announcement of the forthcoming model for work.

At The Theatres

Today.

Kingston: "One Way Passage."

One of the best of this year's pictures is this unusual play that stars both William Powell and Kay Francis. It gives these two popular actors an opportunity they use to full advantage, and this talkie comes to the screen not only fascinating in its flawless acting, but entertaining in its shrewdness and its romantic appeal. The action takes place on a boat bound from Hongkong to San Francisco, and on board is a policeman bringing a murderer back to face a death sentence in the United States. Also on board is a wealthy girl, who has but a few days to live. The girl falls in love with the murderer, not knowing who he is. How the play finally terminates is interestingly different. Supporting Mr. Powell and Miss Francis are Alvin Karpis and Frank McHugh. Superlative entertainment.

Orpheum: "The Road to Singapore."

William Powell is the star of the first feature, a story of the east that has an eternal triangle plot, with Powell playing the part of the wastrel.

"Honor of the Mounted" gives Tom Tyler a chance to play the part of a famous "mountie."

Broadway: "Steady Company" and "Michael and Mary." Norman Foster, June Clyde and Zasu Pitts are the featured players in the first talkie, a story of young love that carries an optimistic ring. "Michael and Mary" is the screen version of the famous stage success with Herbert Marshall and Edna Best in the starring roles.

Tomorrow.

Kingston: Same.

Orpheum: "The Cat Creeps" and "Colens and Kellys in Africa." Helen Twelvetrees and Neil Hamilton are the principals in the first feature, a mystery story with suspense and shadows on the wall. "Colens and Kellys in Africa" is a local offering starring George Sidney and Charles Murray.

Broadway: Same.

Diez Thesen for Bibles.

Diez Thesen for Bibles at St. Ives, England, recently. The custom is observed annually, and three Anglican and three Nonconformist children each received a Testament. The custom follows the provisions of the will, dated 1698, of Dr. Robert White, and the rest of the Bibles is destroyed by ruins from land known as Bible orchard.

NY. TREMPER GRANGE MEETING HELD OCT. 21.

Mr. Trempier, Oct. 21.—On Friday evening the Grange had its regular meeting. It was fairly well attended, considering the inclement weather. 40 members being present.

Chapters, Phoenix, Mt. Pleasant, Cold Brook, Booklet and Aardvark were well represented as well as Mr. Trempier.

Many things were discussed during the meeting. The Washington Agricultural Program, under the leadership of Mrs. John Zander, will take place at the next meeting, November 4. All are looking forward to a brilliant display.

On the third Monday in November about 20 members expect to visit Lake Katrine Grange. This also promises to be an enjoyable occasion.

An item of interest to all patrons of the country is that the meeting of the Potomac Grange will be held at Mr. Trempier this December.

The potomac Grange has nearly enough orders for coal to get the fourth car load of coal and the 20th will be ordered at patrons' expense.

This is a splendid showing for Mr. Trempier. It shows he is a "live wire" a credit to any community.

The featured "Pie" Garden, gave all a good laugh with the skits and the team performed.

After the business was taken care of, the usual early refreshments were served. Cards were played and folks all had a sociable time.

Anyone That Has Left Hate at ROBINSON'S HAT WORKS, 744 1/2 Broadway, PLEASE CALL FOR THEM BEFORE FRIDAY THE 26th as we are going out of business.

THE MAN IN THE STREET SAYS:

Don't change barrels going over Niagara—especially if you've hit bottom and are still alive and kicking.... Asking Hoover to give up the wheel now would be like saying to Lindbergh in the middle of the Atlantic: "Let ME fly her the rest of the way," or to a half-operated patient: "Discharge Mayo and let ME sew you up."

Look at this thing cold-bloodedly. Forget that you're this or you're that. What's closest to your heart? Your family, your business, tomorrow morning's breakfast, next week's pay check.... YOU! You want your children fed. You want them clothed and happy. You want to see the factory doors open again and you want to go through and get your hands back in the grease. WORK! MONEY! PROSPERITY! That's it.

★ ★ ★
All right! You're off the road. You're in the ditch. You and your whole family.... Here's a man with a team of horses, Courage and Experience. Already he has a rope

tied to your front axle. Already the front wheels are on the cement. At last the hind wheels have begun to bite. Up—Up—just a little. There's no question—you're COMING OUT. And then another fellow shows up. He's got a mule. HE wants to unhitch you and take over the job himself.

★ ★ ★

Listen! Hoover's the only man that's been president from 1928 to 1932—the only man who has wrestled with this depression and understands it. Anybody else would be an experiment. Changing now would mean unhitching and slipping back.

City Bowling League To Open Next Monday

Monday, October 24, has been set as the opening night for the City Bowling League. This year the league will be composed of ten teams, the two new ones being Central Hudson Gas & Electric Corp., and the Downtown Merchants. The Triangle Club will represent the Y. M. C. A. One match will be bowled on the Immanuel, Colonial and St. Peter's alleys and two on the Y. M. C. A. alleys each Monday night. For the past month most of the teams have been bowling match games to warm up for league competition. A large number of high games have already been rolled and signs point to new records in the league during the coming season. Interest in the league seems to be running high and all the teams are anxiously waiting for the time of the first game.

As was the custom last year, the City Bowling League will issue sustaining memberships to any individual interested in the league as a whole or in any one particular team. Those wishing to become sustaining members of the league are asked to see an officer of the league or the captain of one of the teams. The fee is one dollar per year. Those holding sustaining membership cards last year were: George Styles, Harry Hymes, and Peter Greco.

The following is the roster of each team in the league with which it will open the season:

Immanuel: Erwin C. Alward, captain; Charles Petri, Albert M. Studt, William Thiel, David Harris, Cyrenus Bedford.

Colonials: Peter Kereaman, captain; Lewis Hymes, Homer Emerick, Harry Styles, Emil G. Boesneck, Jr., Egbert Schultz.

Uptown Merchants: Gilbert Sampson, captain; Kenneth Van Etten, Harry Heard, Charles De Cretie, Leonard Bouten, George Flemming, Livingston: Harry Studt, captain; John Studt, Clarence Buddenhagen, August Wiedemann, Martin Keilenberger, Roscoe Paul.

St. Peter's: John Raible, captain; Robert McAndrew, Peter Bruck, Otto Thurlin, Cornelius Fox, Arthur Smith, Joseph Bruck.

Lyceums: Andrew Juhl, captain; August Spader, John W. Reis, Charles Raible, Philip Dreiser, Walter Foster, E. Magnuson.

Triangles: Ernest LeFevre, captain; Stanley Winnie, James Scott, Thomas Rowland, Earl Leemon, Neland Fuller, Edgar Preece, Clarence Wolfenstein, Warren Kline.

American Legion: Edward J. Medjoka, captain; H. McKenzie, Raymond Gadd, Irving Davis, Reuben Loventhal, Benjamin Fein.

Downtown Merchants: Fred Rice, John Cleveland, Paul Jordan, Ralph DeGraff, Kenneth S. Williams.

Central Hudson Gas & Electric Corp.: Fred Snyder, captain; Walter May, Harry Klemm, Thomas Morrissey, John Haulenbeck, John Wilson.

Columbia Expects Trouble With Cornell

New York, Oct. 25 (AP)—Lou Little's Columbia football machine tangles with Cornell at Baker Field Saturday in the game that probably will decide whether or not the Lions shall finish the season undefeated and untied.

At the start of the campaign, Little said Columbia's toughest game would be with Cornell and he has been getting ready for the Ithacans ever since.

On the basis of their records so far, Columbia would rule a heavy favorite but Saturday's game presents one more instance in which the figures fail to tell the whole story. Columbia has romped through five successive opponents and piled up 180 points in the process. Cornell, on the other hand, was definitely unimpressive in the Niagara, Richmond and Princeton games after opening with a 72-0 rout of Buffalo. The Ithacans won the Niagara and Richmond contests but was held to a scoreless tie by Princeton.

But football observers expect to see an entirely different Cornell eleven this week. GH Double, veteran head coach of the Big Red squad, has been back on the job for several weeks after a sabbatical leave.

Still another clash between eleveners who have escaped both defeat and tie will pit Catholic University's good little squad against Holy Cross. Catholic has one great back in Tommy Whelan but the team hardly rates with Holy Cross even though the Crusaders were unimpressive in their 6-0 victory over Rutgers last week.

SPORT SLANTS

By Alex J. Gould
(Associated Press Sports Editor.)

It takes a half page in Who's Who in American Sports to tell just the salient steps and achievements in the remarkable career of Amos Alonzo Stagg, who has been compelled against his wishes at 70 to step out of the role of athletic director and football coach at the University of Chicago.

It would take a week to recount the deeds and stories associated with his career at Yale, where he was an All-American end and a famous baseball pitcher, or Chicago, where he was the chief figure in bringing Middle Western athletics up to the levels established by the old Eastern stalwarts.

The Old Man was on Camp's first All-American team. When a Midwestern player first was inserted in this galaxy of gridiron honors the choice fell to a pupil of Stagg's, Hirschberger, the great Chicago full-back and kicker. Subsequently on Camp's All-American roll appeared such other Maroon aces as Erker, Stiffen, Dea Jardien, McGuire and John Thomas.

A Great Pitcher.

More than any other living individual Stagg's name and influence is associated with the development of American football, whether rule, performance or principles are involved. Yet his earliest fame was greater on the diamond than the gridiron and he could have been a successful major league pitcher, in the opinion of those who saw him in his prime.

As captain of the Eli nine in 1893, Stagg set a record by striking out 20 Princeton batters. Within four days he also pitched and won two games against Harvard, fanning 17 Crimson players in one contest.

Stagg organized and coached baseball and football teams at the Springfield (Mass.) Y. M. C. A. College in 1890 before going to the University of Chicago two years later to direct the whole Maroon athletic program. He is the only surviving member of the original intercollegiate football rules committee, organized in 1894. He coached the American Olympic middle distance runners in 1924.

Grid Losses Strategist.

The gridiron loss one of its keenest strategists when Major Ralph Irvine Sasse, cavalryman and Major League baseball coach, was in command of the Western Front, leaves his post of head coach at West Point after the 1932 campaign.

Where Captain John McKean used inspirational tactics and Captain "Big" Jones applied the Cadets to rugged fundamentals of the old school, Major Sasse introduced the intricacies of the Warner system to Army football.

No line point of the game was overlooked by Sasse. He studied tactics and strategy with Warner and Sutherland. He delved into kicking technique with Pritchard and Kennard to remedy a long-standing Army weakness. A master of end play himself, he developed such exceptional wingmen as Messinger and Carlmark and experienced a staggering blow in the death of Sheridan.

City Baseball League Meeting

A very important meeting of the City Baseball League is called for Wednesday evening at 7 o'clock in the police court room at the city hall where City Judge Bernard A. Culliton, president of the league, will preside over the session to settle the matter of just when the championship series between the Fort Butchers and Knights of Columbus is to be settled.

Each team has won a game in the series, deadlocking the issue which is lingering because of several postponements. City League fans would like to see the deciding game played before the weather gets too chilly for baseball and it is hoped that a tentative date will be set Wednesday for the contest.

Kingston Five Organizes Again

The Kingston Five, which played a number of games last basketball season, mostly on the road, is practicing for the coming winter. Its first game will be with Tonawanda at that city on November 22. Manager Sid Levine at 105 Hunter street said today: "Teams wishing games with the Kingstonians should communicate with Mr. Levine."

TEXAN FIVE WILL PLAY ICEMEN WEDNESDAY NIGHT.

The Texan Five will play the Icemens basketball team at Salvation Army Hall, North Front street, Wednesday night at 8:30 o'clock. It is expected that the contest will be a fast one, presenting a combination of formidable players rounded up by Captain Bowers of the Texan and another expert group gathered together by Captain Greenberg, of the Icemens. The public is invited to attend the game.

Scots in History

The name of Scot originated like a great number of things (as we learn more and more each year) in Ireland, says Henry Harris, writing in the Boston Herald. The original Scots emigrated to Scotland toward the end of the Roman era, joined with the other Celts and Saxons of the country, and gave their name to the kingdom.

Rare Runs

PUNTS and PASSES

By The Associated Press

New Haven, Conn.—Mal Stevens' search for a good end still goes on. The Yale coach, in desperation, sent Quarterback Bud Parker to right end on the second team yesterday and plans to give him a thorough tryout at that position.

Hanover, N. H.—Dartmouth's variety football players can't get a break. They were given a holiday yesterday but Hoffman, Trost, Donner, Hedger and several others are members of the student fire department and were called out to help battle a fire that destroyed a small dwelling in the northern section of the town.

Philadelphia—Penn's kickers made good on only one try for extra point against Lehigh last week so Coach Harvey Harman declared himself: "Whatever the trouble is it will be ironed out this week. We're going to concentrate on the kickers until they can kick placements with their eyes shut."

West Point, N. Y.—The chief anxiety of Head Coach Sasse is the lack of capable reserve material on his Army football squad. He plans to spend most of his time this week with the second and third teams in an effort to locate a few more good replacements for the first-string stars.

Lafayette, Ind.—Purdue's mighty Big Ten outfit, which plays New York University this week, has tossed only 29 passes so far this season and completed 12 of them for a total gain of 255 yards.

Meet in High Latitude

A ranger in Mount Ranier National park recently reported finding a grouse's nest in the white river section at an elevation of about 8,000 feet, that was situated at the base of a hollow nearly two feet deep in the snow. The hen apparently had made her nest in a slight depression in the snow, with no lining of grasses, and the warmth of her body had melted out the hollow to its surprising depth.

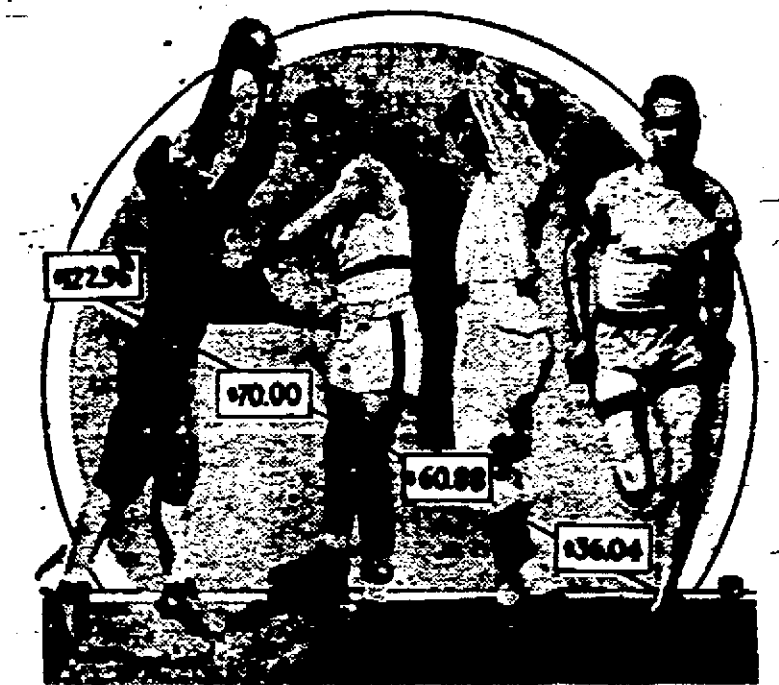

Salisbury, Conn., Oct. 25 (AP)—America's foremost ski experts will take a 3,000 mile jump for the national ski meet this winter—from the spectacular peaks about Lake Tahoe, Cal., where the last meet was held, to this sleepy little New England village in Connecticut's hills.

Salisbury's "ski-minded" in 1926 when two of its adopted sons, Johan and Olaf Setro, formerly of Norway, sped over United States and Canadian courses to win two important ski championships.

Salisbury's first ski meet drew 2,000 persons to the first crude ski jump. Since then the run has been improved until today it races down sharply from the crest of one of the Taconic Hills, breaks at the 300-foot mark for the jump, and resumes with a 600 foot run below the jump. The total drop is about 200 feet.

Football Most Costly Sport

But Survey Proves It Pays Dividends

Research discloses you can support a good, healthy basketball player over the season for a little more than a half the outlay for a footballer, but the latter brings home the pay envelope. The figures for the four major sports were compiled by Major John L. Griffin, Big Ten Commissioner.

Morgan Repealers Organize Strong Team for Season

Jimmy Morgan's Repealers got fully organized at a meeting Monday evening and will hold their first practice in the near future probably at Salvation Army Hall, North Front street. After the drill measurements will be taken for uniforms of green and white, the colors of the club.

Men who signed to play with the Repealers were as follows: Forward—Norm Niles, Jimmy Merritt and "Chicken" Smith; Centers—Ernie Smith and Herb Mills; Guards—Joe Hoffman, Pres Knight and "Duke" DuBois. All have had lots of experience and indications are that the Repealers will be capable of handling any and all opposition booked by Dick Dulla, who is in charge of arranging the schedule.

It is the hope of Dulla to arrange for a local court and have the Repealers play here against the outstanding quintets of the Hudson Valley, also such strong traveling attractions as the Detroit Clowns, Renaissance Five, House of David and any other formidable team that may wish to stack up against the Morganmen.

Results Of DUSO Elevens Saturday

Everyone is well informed about Kingston's 6-2 victory over Middlebury on the latter gridiron. It was considered an upset because the Middlebys were the favorite. As for the other two DUSO teams they both enjoyed victory. Port Jervis trimmed Raymond Riordan, 31-9 and Newburgh Academy took the measure of the Mount Pleasant High School team of Schenectady, 66-6.

So Kingston scored the only DUSO victory over the week-end. The other two teams had more than set-ups. Riordan is not strong. It's in the class of Highland High, that only beat Kingston's second team, but which really was Kingston's third team 26-6. However, the dispatch from the Tri-State City says that Port Jervis had a difficult time proving its strength. Dally, Port left tackle, who does the punting, had two of his attempted kicks blocked. That looks as if Riordan might have a good line. However, the Red and Black fell back on their old stand-by of passing. Welch caught a 25-yard pass from Oliver and scored the first touchdown. Port will be Kingston's opponent Saturday at the Kingston Fair Grounds.

Newburgh Wins

Newburgh Academy walked all over the Mount Pleasant High School second team from Schenectady, 66-6. Only five regulars of the Schenectady team put in an appearance. The rest of the Mount Pleasant varsity was playing Albany Academy the same afternoon, and beat the Cadets.

It so happens that Kingston has played both of these teams, that is, Schenectady and Albany Academy. The Maroon trimmed Schenectady, 6-9, but was defeated by Albany, 13-7.

American Legion's Ball Plans Progress

Two of the acts already booked for the American Legion Victory Ball at the Armory on the night of November 11 are bound to go over big with the crowds. Winters and Moreno, featured in many colored successes in New York city, will put on an act entitled, "Harlemiana," in which songs, dances and comedy are combined. The other featured act, "The Harlem Revue," are also due to give an exhibition of the dances which won them wide acclaim from metropolitan critics.

The Legion committee in charge of the ball has several other acts in view. The booking is being done through A. Rogers, Inc., who has furnished most of the talent at the Armory Night balls in recent years. The committee intends that the Legion slogan of "bigger and better than ever" in regard to the ball will be carried out fully this year.

Cast Announced For Excelsior Show

The rehearsals for the comedy farce, "Henry's Wedding," which is to be staged Thursday and Friday, Nov. 2-4, at the High School Auditorium, are well under way and from all reports this entertainment is one of the funniest and best ever staged by a local cast. There will be 200 people of Kingston in the production and the main cast is one of the best ever assembled, all being well known for their ability in amateur shows.

"Henry's Wedding" is sponsored by the Excelsior Hose Co. No. 4, and staged by the Universal Producing Co., the same company that staged "Corporal Exan" here a few years ago.

The plot of the play is woven around a young couple, Jack (Robert Donnamurra) and Mary (Marion Farrell), who are engaged to be married. The young man is to receive \$100,000 on his 25th birthday providing he is married, and his Uncle Henry (a bachelor of 55) is not. The show opens with the day of the wedding, and everything is all set until Uncle Henry (Robert Kelly) arrives with Samantha, a widow who has twice before been married (Mrs. John Herrick), and demands they are to be married too. From here on there is one funny situation after another, until the final curtain when three couples instead of one get married.

Following is the cast of characters:
Uncle Henry (Bachelor Bridegroom) Robert Kelly
Jack (his nephew, also a bridegroom) Robert Donnamurra
Samantha Green (Henry's bride) Mrs. John Herrick
Mary (Jack's bride) Marion Farrell
Ted (Jack's friend) Ted (Jack's friend)

William Heltman
Harris (Jack's friend) Charles Reis
Virginia (Harris' girl friend) Nellie Bush
Marie (Ted's girl friend) Hazel Bush
Susan (Henry's boyhood sweetheart) Marie Ulrich
Lawyer Brown Thomas Murray
O'Flaherty (detective) Joseph Coffey
Mugs (his assistant) Samuel Hull, Jr.
Elisa (Negro cook) Mrs. Frank Natoli
Rastus (her lazy husband) John Dunn
Brother Jones Orville Hill, Jr.
First Bandit from Chicago Stephen Kowal
Second Bandit from Chicago Jay Humphrey
Rev. Turpspeed

Besides the play proper there will be many snappy songs and dance numbers with a chorus of 70 girls and boys and other specialties featuring many prominent business men. "Henry's Wedding" with one of the largest casts ever assembled promises a full evening of fun and laughter, Thursday and Friday, Nov. 2-4.

MARLBOROUGH LIONS WILL WAR ON RATS
Milton, Oct. 25.—Definite steps for riding the town of Marlborough of rats were planned last Tuesday noon when the regular meeting of the Lions Club was held at Shady Brook Lodge in Marlborough. About 17 members attended the meeting. Marlborough village will be the center of the campaign to be conducted against the rats. Percy Bunker was appointed to secure sufficient rat poison from the Farm Bureau, which has been supplying the poison this month to farmers and others who want it at a very low cost. The Farm Bureau is conducting a campaign against rats this month. As soon as the club secures the poison the work will really start. If you see a rat chasing a rat you'll know why. The village dump on the river road will be the main battlefield, for it is there the rats seem to breed. During late fall and winter the rats leave the dump and find winter quarters in homes about town, proving pests and a menace to health in the community. Once the dump is rid of rats, it will be scraped and covered over and in the future an attempt will be made to keep it in that condition in an effort to make it impossible for rats to exist there. The next meeting of the club will take place Tuesday, November 1.

CHILD GUIDANCE SPECIALIST TO ADDRESS PARENTS HERE

"Answering Children's Questions" is the topic of a talk to be given by Dr. Margaret Wylie, child guidance specialist from the New York state college of home economics, when she speaks to parents of Ulster county, Thursday, October 27, at 8 p. m. at the court room in the court house.

Dr. Wylie is well known to many parents in New York state as the founder of the child guidance extension program which was begun several years ago. Her training and experience with children in the field of psychology has been unusually broad. During the war she served as psychologist with the United States health department, and later entered the juvenile court, where her work was especially concerned with successful habit training. She has since worked with the Illinois Institute for Juvenile Research in a study of refusal behavior in the pre-school child; and returned to Cornell last year from the University of Michigan where she was a member of the psychology department.

The past two summers, Dr. Wylie has spent in Europe, studying, observing and attending conferences. She has worked with Dr. Charlotte Bühler at the University of Vienna in connection with personality development, has visited various psychological institutes and schools which are carrying out new educational programs in Germany and Belgium. She has attended lectures and taken part in round table discussions on adult and parent education. At Nice, France, this summer, she attended a course of study under Madame Maria Montessori, who is attending her method of education to include the school and college age as well as that of the kindergarten. Later Dr. Wylie went to Copenhagen where she read a paper on resistant behavior of young children before the International Psychological Association which had representatives from all parts of the world.

Children ask questions for many reasons. Sometimes it is for information, but it may be simply for experience in using words. Questions also furnish the child with a vehicle for telling facts to grown-ups, and often children use the question form in talking to adults because they wish to be sociable. Frequently meaningless questions are useful in stalling or getting out of some part of the routine or a duty which is distasteful. It is up to the parent to determine whether the question is honest or one which is trivial and may be lightly passed off with complete satisfaction to the child.

The little child gets his experience of life vicariously by means of questioning. He asks with equal eagerness good faith about life and death, and God, what makes the watch tick, and why the grass is green. It is a wise parent who can answer every question, and a wiser one who can admit his own ignorance and show the child how to find the answer for himself.

Study clubs will be organized at this meeting. This meeting is open to all parents of city and county and a cordial invitation is extended to all to attend.

BLOOMINGTON.

Bloomington, Oct. 25.—Miss Gertrude Dambach spent a few days with Miss Elsie Taylor and also with her parents, Mr. and Mrs. Robert Taylor, on her return to her home in Bergenfield, N. J. Miss Taylor accompanied her. Miss Taylor is going to Newark, N. J., where she will spend a week. She will visit with Miss Gertrude while in that city.

Mr. and Mrs. William Cohen of Kingston spent the past Sunday with Mrs. Abbie Markle and family. The high school students enjoyed a two days' vacation on Thursday and Friday, as the state teachers' conference was held in Albany.

Mr. and Mrs. Joseph Kostelci were the guests of Mr. and Mrs. John Merrill one evening of the past week. The seventh annual all day service or camp meeting will be held in the Bloomington Church Sunday, October 29. The best of speakers have been secured. All are asked to bring basket lunch for noon and evening meals. Everyone is most cordially invited.

HOOPER DISCUSSES Public Health Plan

Washington, Oct. 25 (AP)—President Hoover favors government encouragement of a program to reduce contagious diseases "as a constructive measure of public economy."

He supported this action before the American Public Health Association last night, in a brief address at the opening meeting of a four-day session here. It was presided over by Surgeon General Hugh S. Cumming of the public health service.

Mr. Hoover said that after his experience in the 1927 Mississippi flood area, he had called conferences out of which "evolved the idea of the most effective means of strengthening the public health service in harmony with the spirit of our American institutions."

"By this I mean the idea of the county health unit," the president continued. "That is, that every county in the United States should set up for itself as its minimum health organization, a unit consisting of a doctor, a sanitary engineer and a trained nurse. These units were established in 100 counties in the flood area."

On Sunday afternoon Martin J. Every attended the funeral of Harrison Williams, held at his home on the state road near Accord. All sympathize keenly with his wife and children. Don't Get Up Nights

You need a bladder physio to drive impatience, burning and frequent desire. Get a tin box of B.C.E.T.S., the bladder physio, from any drug store. After four days if not relieved of getting up nights go back and get your money's worth. B.C.E.T.S. containing barium bromide, etc., acts on the bladder similar to castor oil on the bowels. If you are bothered with backache, or leg pains from bladder disorders you are bound to be better after this cleansing and your regular sleep. Comfort Drug is your regular sleep. Comfort Drug is a best seller.
